REQUEST UNDER 37 C.F.R. § 1.323 FOR CERTIFICATE OF CORRECTION

Sir:

Applicants respectfully request that a certificate of correction be issued in the above-referenced case to correct an error due to Applicant's mistake. The attached Form PTO/SB/44 describes the error in detail. Patentees respectfully request that the Commissioner issue a Certificate of Correction to correct the error appearing in the printed patent. Correction thereof does not involve such changes in the patent that would constitute new matter or require re-examination.

U.S. Patent No. 7,307,065 issued on December 11, 2007 with the statement that the invention described in the patent was made with Government support under number AI32351 awarded by the National Institutes of Health. Inadvertently, and without deceptive intent, the specification did not list National Institutes of Health grant number AI28731, which also supported development of the invention. The attached request for certificate of correction adds National Institutes of Health grant number AI28731 to the statement of federally sponsored research or development.

Enclosed with this request are the following:

- (1) Certificate of Correction Form PTO/SB/44; and
- (2) Credit card payment of the processing fees required under 37 C.F.R. §§1.20(a).

Applicants believe that no additional fees are due in connection with this request. However, the Commissioner is authorized to charge any necessary fees, and to credit any overpayment, to Deposit Account No. 11-0980.

Respectfully submitted,

/John Esteban Ezcurra/
